PROFESSIONAL EXPERIENCE

American Red Cross Lifeguard Instructor/Lifeguard J.F. Hurley YMCA, Salisbury, NC November 2023 - Present

- Train and certify new lifeguards in CPR, first aid, water rescues, emergency response, and emergency oxygen usage.
- Teach, evaluate, and enforce American Red Cross safety protocols.
- Conduct lifeguard recertification and in-service training to ensure continued compliance with safety standards.

Aquatic Facility Director Trump National Golf Club Charlotte, Mooresville, NC May 2023 - August 2023

- Managed lifeguard operations at Trump National Golf Club Charlotte, overseeing a team of 15.
- Operated a three-pool facility featuring a large water slide.
- Maintained a safe environment for patrons and ensured proper pump room procedures.

Lifeguard/Shift Leader The University of Alabama, Tuscaloosa, AL November 2022 - May 2023

- Worked at the university's aquatic center with a team of 30 lifeguards.
- Maintained safety at a facility featuring an Olympic-sized pool, high-dive platforms, and diving boards.
- Familiarized with pump room operations, including chemical handling, water levels, and drain maintenance.

PROJECTS

merrittmason.com ⚡

Full Stack Dev

- Built and deployed a professional resume site using **TypeScript**, **React**, and **Tailwind CSS** with **Vite** as the build tool for fast, optimized performance.
- Structured responsive layouts with reusable components, optimized for mobile and desktop.
- Employed **Git** for version control and **Vercel** for continuous deployment.
- Technologies used: **TypeScript**, **JavaScript**, **React**, **Tailwind CSS**, **HTML5**, **Vite**, **PostCSS**, **ESLint**.

Shadow AI — Intelligent Interview & Meeting Assistant

Audio Transcription Back-end Dev

- Developed the audio transcription backend with **Whisper.cpp**, coded in **C**, and focusing on real-time processing for meetings and interviews. This technology converts speech into structured data, optimizing **LLaMA models** for technical fields such as engineering and programming.
- Implemented **screenshot-to-text** capabilities using **LLaVA**, enhancing the system's ability to process visual context and offer real-time, professional-level outputs.
- Integrated the transcription system with **AI-powered response and note-taking functionalities**, enhancing user experience by providing seamless, real-time notes and actions.
